

to the Editor; it must include the date and place of the proposed meeting, a list of other sponsors, a final program (including speakers), an estimate of the number and length of manuscripts, and an expression of willingness to participate in the editorial process, including the submission of manuscripts to a modified form of peer review.

ISN Archive

Dr. Carl Gottschalk has accepted the responsibility to establish an Archive of the International Society of Nephrology. The Archive will consist of photographs, announcements, activities, and names of Council Members and Officers of the Society. Relevant information, documents, or photographs that are pertinent to the development and evolution of the ISN will be assembled in the Archive.

Members of the ISN or other readers of *Kidney International* having such material are requested to forward it to Dr. Gottschalk at the following address: Carl W. Gottschalk, M.D., Department of Medicine 226-H, University of North Carolina, Chapel Hill, North Carolina 27514 USA.

MEETINGS

The 13th Scientific Meeting of the International Society of Hypertension will be held in Montreal from June 24–29, 1990. A satellite symposium on “Vasoactive peptides and hypertension” will be held on June 24, 1990. Topics will include: angiotensin II antagonists, renin-angiotensin system, blood vessels as target organ for hypertension, kallikrein-kinin system, PTH, peptidase inhibitors in hypertension, and neutral endopeptidase. For further information, contact Marc Cantin, M.D., Ph.D., Director, Multidisciplinary Research Group on Hypertension, 110, avenue des Pins ouest, Montreal, Canada H2W 1R7. Telephone: (514) 842-1481; FAX: 514-843-5600.

The International Conference on the Kidney in Systemic Diseases will be held in conjunction with the 12th Annual Meeting of the Philippine Society of Nephrology on July 10–12, 1990 in Manila, Philippines. The clinical, pathologic and therapeutic aspects of the kidney in diabetes mellitus, systemic lupus erythematosus, hypertension and other systemic diseases will be discussed. A post-conference special session on faith healing will be arranged. For further information, contact Dr. Filoteo A. Alano, National Kidney Institute, East Avenue, Quezon City, Philippines.

The XIth International Congress of Nephrology will be held at the New Takanawa and Takanawa Prince hotels, Tokyo, Japan from July 15–20, 1990. The president of the congress is Kenzo Oshima, M.D., and the chairman of the organizing committee is Michinobu Hatano, M.D. A diversified program of up-to-date information will provide a forum for the presentation of new concepts by many leading physicians, and will give opportunities to share ideas, experience and problems both in clinical and basic sciences. The scientific program will consist of the state-of-the-art lectures, symposia, workshops, free communications and poster sessions. Satellite symposia are also planned after the Congress in: Kyoto, Otsu, Sendai, Nara, Kanazawa and Fuji (Japan); and in: Kyung-Ju (Korea), Bangkok (Thailand), Irkutsk (USSR) and Beijing (China).

For further information, contact Susumu Takahashi, M.D., Secretary General, 2nd Dept. of Internal Medicine, Nihon University School of Medicine, Oyaguchi-Kami 30, Itabashi-

ku, Tokyo 173, Japan (Phone: Tokyo972-8111, Telefax: Tokyo530-8580) or Congress Secretariat: c/o Japan Convention Services, Inc., 2-2-1, Uchisaiwai-cho, Chiyoda-ku, Tokyo 100 (Phone: Tokyo508-1213, Telefax: Tokyo508-0820, Telex: J33104) or Secretariat in USA: c/o Japan Convention Services International Inc., 420 Lexington Ave., Suite 652-654, New York, NY 10170 (Phone: 212-682-2190, 800-828-0031, Telefax: 212-687-6085) or Secretariat in Europe: c/o Japan Convention Services E.C., Inc., 20 rue des Petits Champs 75002, Paris, France (Phone: 42.96.80.82, Telefax: 42.61.38.46)

The Kidney and Hypertension in Pregnancy will be held as a satellite symposium for the 11th International Congress of Nephrology on July 21, 1990 at the Takanawa Keikyu Hotel in Tokyo, Japan. Topics will include: renal physiology and disease in pregnancy, and blood pressure control and hypertension during gestation. For more information, contact Shinichi Abe, M.D., Department of Internal Medicine, Keio University School of Medicine, 35 Shinano-machi, Shinjuku, Tokyo 160, Japan. Telephone: +81-3-353-1211, ext. 2516.

Glomerular Alterations at the Molecular Level: Injury and Reaction, a satellite symposium of the 11th International Congress of Nephrology, will be held in Niigata, Japan on July 21, 1990. For further information, contact Dr. Tadashi Yamamoto, Secretary General, Department of Pathology, Institute of Nephrology, Niigata University School of Medicine, Asahimachi-dori, Niigata 951, Japan.

The International Symposium on IgA Nephropathy is a satellite symposium of the ISN Congress which will be held on July 22, 1990 at the Keio Plaza Hotel, Shinjuku-ku, Tokyo, Japan. The main topic will be the pathogenesis of IgA nephropathy. For further information, contact Yasuo Nomoto, M.D., Department of Internal Medicine, Tokai University, Isehara City, Kanagawa 259-11, Japan.

Proton, Bicarbonate, and Chloride Transport is a satellite symposium to be held July 22–24 in Nara, Japan. Topics will include: acidification along the nephron segments, mechanisms and regulation on H⁺ transport in epithelia, methodological aspects, cellular and molecular mechanisms of proton and bicarbonate transport, and mechanisms and regulation of chloride transport along the nephron segments. For further information, contact Masashi Imai, M.D., Department of Pharmacology, Jichi Medical School, Minamikawachi, Kawachi, Tochigi 329-04, Japan.

Cell Biology of Nephron Heterogeneity: Fine Structure and Functions is a satellite symposium to the ISN Congress, which will be held on July 22–25, 1990 at the Fuji Conference Center, Shizuoka, Japan. Topics will include: mesangium and glomerular function, coupling of transport and metabolism, potassium and acid-base balance, cell volume regulation, and disturbance of functional integrity of the kidney. For further information, please contact Hitoshi Endou, M.D., Department of Pharmacology, Faculty of Medicine, University of Tokyo, 7-3-1, Hongo, Bunkyo-ku, Tokyo 113, Japan.

Renal Bone Disease, Parathyroid Hormone and Vitamin D is an international symposium to be held under the auspices of the ISN during July 22–25, 1990 in Singapore. Topics will include: PTH secretion in CRF, PTH assays and their use, phosphate regulation in CRF and its management, uses of calcitriol (oral vs. i.v.), aluminum bone disease, dialysis amyloid, parathyroid-

ectomy indications and technique, and renal bone disease in CAPD and transplant patients. For further information, contact F. Llach, M.D., UCLA School of Medicine, VAMC W111L, Wilshire and Sawtelle Blvds, Los Angeles, California 90073, USA. Telephone (213) 824-4334; FAX: (213) 824-6681.

Immune Mechanisms in Kidney Diseases is a satellite symposium to the ISN Congress, which will be held at the Hotel Sendai Plaza, Sendai, Japan on July 23–24, 1990. Topics will include: cellular immunology, complement mediation, lipids and immunology. For further information, contact Takao Saito, M.D., Second Department of Internal Medicine, Tohoku University School of Medicine, 1-1, Seiryō-cho, Aoba-ku, Sendai 980, Japan.

Virus Related Renal Diseases will be held as a satellite meeting to the 11th International Society of Nephrology Congress of Nephrology. The meeting will be held in Kyungju, Republic of Korea on July 23–24, 1990. Program topics will include: hemorrhagic fever with renal syndrome, hepatitis B virus, CMV virus, and AIDS. For further information, contact Han Chul Park, M.D., Department of Internal Medicine, Hanyang University College of Medicine, 17 Hengdang-Dong, Sungdong-Ku, Seoul 133-792, Korea.

Chronic Renal Failure: Pathogenesis, Prevention and Treatment is a satellite symposium to the ISN Congress, which will be held in Beijing, China on July 23–25, 1990. Topics will include: preventing progression of CRF, traditional Chinese medicine in CRF, hypertension, and advances in CAPD. Visa required. For further information, contact Leishi Le, M.D., Jinling Hospital, Nanjing 210002, China.

The Juxtaglomerular Apparatus and the Tubuloglomerular Feedback Mechanism is a satellite symposium to the ISN Congress, which will be held at the Kagaya Hotel, Hot Spring, Nanao, Ishikawa, Japan on July 23–25, 1990. The main topics are: morphology, biochemistry and function of juxtaglomerular apparatus, particularly the tubuloglomerular feedback control mechanism. For further information, contact Toshikazu Takabatake, M.D., First Department of Internal Medicine, School of Medicine, Kanazawa University, 13-1, Takara-machi, Kanazawa 920, Japan.

The International Symposium on Geographical Nephrology will be held at the Royal Orchid Sheraton Hotel and Towers in Bangkok, Thailand from July 23–26, 1990. Abstracts must arrive by December 31, 1989. The chairman is Dr. Visith Sitprija and the secretariat is Dr. Vijitr Boonpucknavig. For further information and to ensure that your name is on the mailing list, contact Dr. V. Boonpucknavig, Department of Pathology, Ramathibodi Hospital, Bangkok 10400, Thailand, Tel. (02) 245-5706.

The International Symposium on Diabetic Nephropathy is a satellite symposium to the ISN Congress, which will be held at the Biwako Hotel, Otsu City, Shiga, Japan on July 24–25, 1990. Topics will include: fundamental research on pathogenesis, and comparison of clinical aspects between IDDM and NIDDM treatment. For further information contact Ryuichi Kikkawa, M.D., The Third Department of Internal Medicine, Shiga University of Medicine Science, Seta, Otsu, Shiga 520-21, Japan.

Tubulo-Interstitial Disturbances is a satellite symposium to the ISN Congress, which will be held at the Irkutsk Medical Institute, Irkutsk, USSR on July 25–27, 1990. Topics will

include: tubulo-interstitial nephritis, disorders and osmotic concentration of the urine, hypertension and renal interstitial disturbances. Visa required. For further information contact B.N. Tsibel, M.D., Irkutsk Medical Institute, Krasnoe Vostanie 1, Irkutsk 664003, USSR.

The Biennial Congress of the South African Renal Society will be held in Johannesburg, South Africa on August 5–9, 1990. The South African Renal Society is opposed to all forms of discrimination on the grounds of nationality, race, religion or sex, and in particular is opposed to the policy of apartheid, and believes that such discrimination is incompatible with the ethical practice of medicine and research. For further information, contact Dr. L.P. Margolius, FCP, SA, Transvaalse Provinsiale Hospitale, Johannesburg, South Africa.

The 3rd International Vasopressin Conference will be held on August 5–10, 1990 in Montpellier, France. The conference is sponsored by several scientific organizations in France (CNRS, INSERM and the Department of Biology of Atomic Energy Commission), the city of Montpellier, and several pharmaceutical firms. Topics will include vasopressin, oxytocin and molecules interfering with the secretion or action of vasopressin in oxytocin. For further information, contact the secretary at the 3rd International Vasopressin Conference, Centre CNRS-INSERM de Pharmacologie-Endocrinologie, 34094 Montpellier, Cedex 2, France.

The Fifth International Symposium on Basement Membranes will be held in Oulu, Finland on August 8–10, 1990. Topics will include: molecular biology of basement membranes, and molecular and clinical pathology of basement membranes, such as Alport's syndrome, PKD, epidermolysis bullosa, Goodpasture, diabetes and tumor invasion. Deadline for application is May 1, 1990. For information please contact: Secretariat, 5th International Symposium on Basement Membranes, Department of Biochemistry, University of Oulu SF-90570 Oulu, Finland. Telephone: 358-81-352355; FAX: 358-81-352356.

The Second Copenhagen Symposium on Uroradiology, Imaging and Intervention Techniques will be held at Herlev Hospital, University of Copenhagen, Herlev, Denmark, on August 27–30, 1990. Featured topics will include: upper urinary tract imaging and intervention, contrast medium nephrotoxicity, hydronephrosis/ obstruction, the urinary bladder, genital radiology, the adrenal glands, and free communications. Deadline for abstracts is March 1, 1990. For further information, contact Henrik S. Thomsen, M.D., Ph.D., Dept. of Diagnostic Radiology 54E2, Herlev Hospital, DK-2730 Herlev, Denmark. Phone: + 45 2 94 27 33 ext. 278.

The European Dialysis and Transplant Association/European Renal Association (EDTA/ERA) will have its annual Congress in Vienna, Austria on September 5–8, 1990. For further information, contact the organizing secretariat: XXVII EDTA-ERA Congress, c/o Wiener Medizinische Akademie Alserstr. 4, A-1090 Vienna, Austria, or the scientific secretariat: XXVII EDTA-ERA Congress, c/o Doz. Dr. H. K. Stummvoll Krankenhaus der Elisabethinen, Fadingerstr.1, A-4010 Linz, Austria.

The Second International Conference on Continuous Hemofiltration will be held on September 10–11, 1990 in Baden, near Vienna, Austria. It is a satellite symposium to the EDTA/ERA Congress in Vienna. Topics are related to problems of all continuous extracorporeal treatments of acute renal failure. For

further information, contact Prof. Dr. Med. H. Mann, Schurzelter Str. 564, D-5100 Aachen, Federal Republic of Germany. Telephone: 0049-241-87 28 20, FAX: 0049-241-87 25 78.

Update on Transplantation, the 2nd Marmara Medical Days Congress, will be held in Istanbul, Turkey on September 19–21, 1990. Topics will include: renal, bone marrow, heart, liver and pancreas transplantations, and immunological and psychosocial aspects of transplantation. For further information, contact Atif Akdas, M.D., Dean, Marmara University Medical School, Haydarpasa, Istanbul, Turkey. FAX: (1) 3380277.

The International Workshop Series on the Biology of the Kidney will sponsor a workshop on "Biogenesis of Erythropoietin" in Paris on September 13–14, 1990, chaired by Dr. Franklin Bunn and Dr. Catherine Lacombe. Participation is by invitation only and is limited to 30 participants. Investigators interested in being considered should contact Leon G. Fine, M.D., Workshop Series Chairman, Division of Nephrology, Department of Medicine, UCLA School of Medicine, Los Angeles, California 90024-1689, USA. Telephone: (213) 206-6741; FAX (213) 825-6309.

The 3rd Verona Seminar on Nephrology will be devoted to the topic: "Emerging Risk Factors for the Progression of Renal Disease." It will be held on September 27–29, 1990. Topics will include: experimental and clinical factors such as, role of lipid, ammonia, mesangium and cytokines, and pharmacological approaches to risk factors. For further information, contact Lamberto Oldrizzi, Divisione Nefrologia Medica, Ospedale Civile Maggiore, 37126 Verona, Italy. Telephone: 39/45/932521. FAX: 045/915176.

Lipid Abnormalities in Renal Disease: Causes; Effect on Progression of Renal Damage; Dietary and Pharmacological Treatment is an international symposium to be held in Porto Cervo, Sardinia, Italy on October 1–2, 1990. The program will consist of invited experts from Europe and the USA, and the presentation of a limited number of papers. Attendance is limited. For further information, contact Prof. Giuseppe D'Amico, Division of Nephrology, S. Carlo Hospital, Via Pio TT, 3-10153 Milano, Italy. Telephone: (02) 48705804; FAX (02) 40222222.

The Seventh International Conference on Psychonephrology will be held in San Francisco, California, USA on October 5–7, 1990. The latest psychosocial developments in the understanding and care of patients on dialysis and recipients of transplants will be discussed in plenary sessions, small group meetings and free communications. Topics will include: uncooperative patients, staff stress, treatment of psychological problems and ethics. Abstracts are due by June 15, 1990. For further information, contact Norman B. Levy, M.D., Director, Liaison Psychiatry Division, New York Medical College, Valhalla, New York 10595, USA.

The 7th International Congress of the International Society for the Study of Hypertension in Pregnancy will be held in Perugia, Italy on October 7–10, 1990. Events will include state of the art lectures, plenary sessions, symposia-workshops, and communication-poster sessions. For further information, contact Professor E. Cosmi or Dr. Di Renzo, via degli Olivi, 72, 1-06100 Perugia, Italy.

Renal Disposition and Nephrotoxicity of Xenobiotics is an international symposium which will be held at the University of Würzburg on October 7–11, 1990. The meeting is jointly sponsored

by the University of Würzburg and the University of Rochester, New York, USA. Topics will include: tools for studying tubule cell function and nephrotoxicity, renal disposition of xenobiotics, bioactivation mechanisms of nephrotoxic compounds, nephrocarcinogenesis and nephrotoxicity. For further information, contact (in Europe) PD Dr. W. Dekant, Institut für Toxicologie, Universität Würzburg, Versbacher Str. 9, D-8700 Würzburg, Federal Republic of Germany; (in the USA) Prof. M.W. Anders, Department of Pharmacology, University of Rochester, 601 Elmwood Avenue, Rochester, New York 14642, USA.

The Fourth Asian-Pacific Congress of Nephrology will be held on October 15–20, 1990 in Beijing, China. For further information, contact Professor Li Leishi, Department of Nephrology, Jinling Hospital, Nanjing 210002, People's Republic of China.

The 30th Annual Scientific Symposium on Kidney Disease, sponsored by the NKFSC, will be held on October 20, 1990 in Palm Springs. Current information about nephrology and complications of chronic renal failure will be presented. Individual sessions will be held for physicians, nurses, dietitians, social workers and technicians. For further information, contact Sylvie Tarro, Kidney Foundation, 5777 W. Century Blvd., Suite 305, Los Angeles, California 90045, USA. Telephone: (213) 641-8152.

The Third Annual Meeting of the Indian Society of Organ Transplantation, and CME in Nephro-Urology will be held on November 22–25, 1990 at the Seth G.S. Medical College and K.E.M. Hospital in Bombay, India. For further information, contact Dr. Alan F. Almeida, Department of Nephrology, K.E.M. Hospital, Parel, Bombay 400012, India. Telephone: 4132118.

The Third Berliner Dialyseseminar will be held on November 23–24, 1990 in West Berlin, Federal Republic of Germany. The purpose of the meeting is to provide basic knowledge on the entire field of renal replacement therapy. For further information, please contact Professor D. K. Schaefer, St. Joseph-Krankenhaus I-Med. Abt. II, Bäumerplan 24, D-1000 Berlin 42, Federal Republic of Germany.

The Annual Meeting of the National Kidney Foundation will be held on November 30–December 2, 1990 at the Sheraton Washington Hotel, Washington, D.C., immediately preceding that of the American Society of Nephrology. This meeting will be part of the celebration of the Fortieth Anniversary of the National Kidney Foundation. There will be simultaneous sessions covering a wide range of topics. For further information, contact Dolph R. Chianchiano, The National Kidney Foundation, 30 East 33rd Street, New York, New York 10016, USA. Telephone: (800) 622-9010; (212) 889-2210; FAX: (212) 689-9261.

The American Society of Nephrology Annual Meeting will be held on December 2–5, 1990 at the Sheraton Washington Hotel in Washington, D.C., USA. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue N.W., Washington, D.C. 20036, USA. Telephone: (202) 857-1190.

The Second C.J. Hodson Symposium on Reflux Nephropathy will be held in Christchurch, New Zealand on Tuesday, February 26, 1991. For further information, contact Dr. R.R. Bailey, Christchurch Hospital, Christchurch, New Zealand.

The 27th Annual Scientific Meeting of the Australasian Society of Nephrology will be held in Christchurch, New Zealand on February 27 through March 1, 1991. For further information, contact Dr. K. Lynn, Covenor, Department of Nephrology, Christchurch Hospital, Christchurch, New Zealand.

The International Symposium on Aldosterone will be held at Fontevault Abbey, Saumur, France on June 24–26, 1991. The meeting will be under the auspices of INSERM, and of the International Society of Nephrology, and sponsored by Searle Foundation for hypertension research. Topics will include all aspects of aldosterone action: molecular biology, biochemistry, cell biology and physiology, transport studies. The symposium will be in honor of Dr I.S. Edelman. The program will consist of invited international experts and poster presentations. Attendance is limited to 100. For further information contact Dr J.P. Bonvalet, INSERM-U 246, Dépt. Biologie, SBCE, CEN Saclay, 91191 Gif/Yvette, France (Fax: (33) (1) 69.08.80.46).

The Second International Congress on Amino Acids and Analogues will be held on August 5–9, 1991 in Vienna, Austria. Topics will include: analysis, separation, synthesis, biosynthesis, nutrition, cross-linking amino acids, updating of tryptophan, amino acids and the immune system (including AIDS), sports medicine, racemization, methylation of amino acids, roles for arginine, neurochemistry (excitatory amino acids, food chemistry and technology, radiated food amino acids), polyamines, renal physiology, gastroenterology, amino acids and behavior, inborn errors of metabolism, molecular biology, therapeutic implications, pharmacology, and amino acids as free oxygen radical scavengers and stable isotopes. For further information, contact Gert Lubec, University of Vienna, Department of Paediatrics, Wahringer Gurtel 18, A 1090 Vienna, Austria. Telephone: (222) 23 40 424; FAX (222) 40 400 3238.

The Eighth International Congress for Stereology will be held on August 25–30, 1991 at the University of California, Irvine (UCI). The Society fosters interdisciplinary communication between all those who are interested in analysis of planar images *per se* and 3-dimensional probes of materials. Topics will include: aspects of image analysis, image processing, mathematical morphology, geostatistics, stochastic geometry, and 3-D microscopy. For further information concerning the Congress and ISS membership, please contact Paul McMillan, Anatomy Department, LLU, Loma Linda, California 92350, USA. FAX: (714) 824-4577.

The XXVIIIth Congress of the European Dialysis and Transplant Association—European Renal Association (EDTA/ERA) will be held on September 1–4, 1991 in Belgrade, Yugoslavia. For further information, please contact the Organizing Secretariat, YUGOTOURS, Congress, Incentive & Exhibition Dept., Djure Djaković 31, 11000 Belgrade, Yugoslavia. Telephone: 38 11 / 763-028, 764-622; FAX 38 11 / 766-447; Telex: 11000. 12902.

The 1991 American Society of Nephrology Annual Meeting will be held on November 17–20, 1991 at the Baltimore Convention Center, Baltimore, Maryland. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

The 1992 American Society of Nephrology Annual Meeting will be held on November 15–18, 1992 at the Baltimore Con-

vention Center, Baltimore, Maryland. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

The 1993 American Society of Nephrology Annual Meeting will be held on November 14–17, 1993 at the Hynd Convention Center, Boston, Massachusetts. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

The 1994 American Society of Nephrology Annual Meeting will be held on November 6–9, 1994 at the Baltimore Convention Center, Baltimore, Maryland. For further information contact the American Society of Nephrology, Suite 700, 1101 Connecticut Avenue, N.W., Washington, D.C. 20036. Telephone: (202) 857-1190.

Continuing Education

The Ninth Comprehensive Nephrology Review Course will be held on August 26–31, 1990 in Santa Monica, California, USA. Key areas in nephrology, hypertension, acid-base and electrolyte disorders, dialysis and transplantation will be reviewed. Practical application of pathophysiologic concepts will be emphasized during daily lectures and evening problem-solving sessions. The latter illustrate pathophysiologic, diagnostic, and therapeutic points with short case presentations. Tuition for the course is US\$750. This course meets the criteria for 51 hours in Category I of the Physician's Recognition Award of the American Medical Association and the California Medical Association Certificate in Continuing Medical Education. For further information, contact UCLA Extension, P.O. Box 24901, Department K, Los Angeles, California 90024-0901, USA. Telephone: (213) 825-9971, or (213) 825-5189.

National Societies

The Secretary General of the *International Society of Nephrology* is endeavoring to bring the Society's list of national societies up-to-date. Many such national societies are not affiliated with the ISN or their affiliation has lapsed. To retain their affiliated status and to vote at the General Assembly, a list of individual members is required to be sent annually. Secretaries of national societies therefore are asked to provide the Secretary General with the address to which correspondence should be sent, together with a list of their officers and individual members, and a formal application for affiliation where this has lapsed. Please send these to Dr. Claude Amiel, Département de Physiologie, Faculté de Médecine Xavier Bichat, 16 rue Henri Huchard, 75018 Paris, France.

The American Society of Nephrology announces a service to its non-American colleagues. For an annual fee of US \$55, the ASN will send its mailings and announcements, including a copy of the annual abstract book (first class rates only). Checks for \$55, drawn only on a US bank, along with your name and desired mailing address should be sent to the ASN National Office, Suite 700, 1101 Connecticut Ave., NW, Washington, DC 20036.
